LARPAC is dedicated to protect the Louisiana real estate industry and the livelihood of Louisiana REALTORS®. LARPAC is not affiliated with any political party, and is not a branch or subsidiary of any national or other political committee, but abides by the National Association of REALTORS® cooperative agreement.

- Work with local councils to prevent moratoriums
- Prevent sales tax on commissions

2018 LEGISLATIVE WINS

PREVENTED

- Sales tax on real estate services (1st Special Session)
- Sales tax on services of individuals who install items in or to property (2nd Special Session)
- REALTOR® designations from being governed by state law
- Legislation that would have made it harder for property owners to tow illegally parked cars
- Legislation detrimental to property owners who hold rental deposits

PASSED

- Changes to Property Disclosure law to clear up ambiguity following a recent court case
- House and Senate Resolutions supporting a First Time Home Buyer Rebate or Tax Credit program in the future
- Legislation to encourage more affordable housing units and pro-development, but it was vetoed by the Governor

About TRENDS

The TRENDS Seminar began in 1988 as a joint project of the Commercial & Investment Division (CID) of the Greater Baton Rouge Association of REALTORS® and Louisiana State University's Real Estate Research Institute. The goal was quite simply to provide a variety of real estate industry professionals an opportunity to come together and examine the state of the industry in our area and help focus industry professionals on emerging trends, whatever their specialty. TRENDS have become an annual event, that continues to provide a critical examination and analysis of what's going on in the marketplace — with an eye on what's coming. 4 Hours of LREC CE and Builder CEU and 4 Hours of CE for Appraisers are applied for each year
